Good Morning Javier,

I'm forwarding the below message to keep you and all our colleagues at R2 in the loop with Chesapeake Bay matters. Our R3 front office (Rhonda Purnell) will be setting up a meeting with NYDEC in response to this request. **RA Servidio will be hosting the meeting.**

I'd like to let Rhonda know who from R2 we should invite. If you could get back to me with those names I'll make sure they get an invitation.

Thanks, and have a great holiday weekend!

Dana

Dana Aunkst, Director

Subject: Chesapeake Bay WIP -- NY Achieving Target by 2025

Hi Cos,

NY has been reviewing its efforts with respect to achieving its 2025 targets for Chesapeake Bay on nitrogen and phosphorus. We have a technical proposal concerning meeting NY's targets that we'd like to present to you and EPA Region 3's C'Bay team for your consideration. I am asking for a meeting to take place about a month from today, with NY providing you with the draft presentation about 2 weeks prior -- so that you and your team have an opportunity to preview NY's proposed approach. A technical discussion would follow NY's presentation. My sense is that NY would need 90 minutes scheduled, but that the meeting might be completed in a much shorter time period. I think you'll like our proposal.

I am copying my executive assistant, Karin Wilbur, who can coordinate NY the participants. Cos -- please be so kind as to connect Karin with your assistant. In light of the NOI, we'd plan on having one of DEC's staff attorneys listen in.

Regards, Jim
